Hi Gwilym,

We are contacting you as we have you listed as the person who registered the above stand with us.

If this email has reached you in error, or if you no longer attend the stand, please do let us know.

If this is the case & you still have any contact with anyone from the stand listed, we would greatly appreciate it if you could pass this along to someone who is still attending, with a request for them to get in touch, but again, if this is not possible please do let us know.

First of all, we'd like to say a huge thank you to you for being a part of this incredible movement, & for stepping up to help unite likeminded people in your area. It has been invaluable for so many people over the last year.

Although we are finding that the interest in stands is starting to wane, likely due to the lifting of restrictions, we would like to use this lull to better organise ourselves, because as you are hopefully aware, it is far from over, & we believe that the stands can continue to play an important role in the pushback against the agendas we are facing.

The primary reason we are contacting you is because we would like to ensure we have the correct information listed for stands.

We would also like to ensure that all the stands we have listed on our website are actively running every Sunday, & we have the correct contact details, but we are also looking to implement some ways to improve communication channels between stands & potential new standers, as well as between stands on a local, county/regional & national level.

We have developed a form for you to quickly & easily input the relevant information, which we are asking all stands to complete (link at the end of this email)

In addition to this, we are looking to set up county or regional groups for representatives from each stand, to facilitate better connections & ways of working together, pooling ideas

& resources, & becoming stronger & more organised as a unified front. So we are seeking to have a handful of representatives from each stand who would like to be a part of this. Please do have a chat with your standers, to see if there is anyone who would be interested in stepping up to get involved in this.

Finally, we are also developing our website, to give more information about each stand, & make it easier for people to find, & contact each stand.

Within the form linked below, we are asking for basic details, as well as for each stand to create an email specifically for their stand, which would be listed on our website with the stand location details for people to use for enquiries. We suggest that a handful of standers have access to this & monitor it to respond to queries.

We would really appreciate it if you could discuss with your Standers & complete the form within the next couple of weeks, so we can work on getting you all connected!

Please click on the link below to get started!

If you have any questions or need any assistance, please do email us.

N.B. your responses will only be viewed by a very small number of the core team behind aSITP, & any personal details given in this form will be kept confidential & will not be used for any purpose other than stand related activity, & will not be shared without the explicitly given consent of the individual.

Many thanks & best wishes,

Sam & FiFi, aSITP UK
